## Malawi Africa RISING Baseline Evaluation Survey - 2013

## CONSENT FORM

My name is ___ and I work for a research program, called Africa Research in Sustainable Intensification for the Next Generation -Africa RISING-, which aims to alleviate hunger and poverty by increasing agricultural productivity. Your household is one of the over 600 households in Dedza and Nitcheu districts in Malawi selected to be interviewed now and at the end of the program (after three years). Data collected from study households like yours will be used to determine and understand major constraints and opportunities for improving livelihood. Analysis of baseline and follow-up data will allow the research team to assess the effect of the Program on the livelihood of beneficiary farmers and help identify successful agricultural technologies and practices.
Data to be collected from you will be coded and will be kept strictly confidential. All household identifying information will be held in strict confidence and used only for research purposes. No identifying information (e.g., respondent name) will appear in data report. Participation in this interview is voluntary and you may refuse to participate, discontinue the interview at any time, or skip any question you do not want to answer with no penalty or loss of benefits to which you are otherwise entitled. You are allowed to ask questions concerning the research, both before agreeing to participate in the interview, during, and after the interview.
As head of the household or spouse of the head, I would like to ask you questions mainly about agricultural activities and consumption. I will need to ask also other household members about health status and labor, as well as measure weight and height of all women of reproductive age and children under 5 years old. Answering these questions is expected to take around 2 hours. You may find some of the questions (for example about household asset ownership and consumption of food and non-food items) sensitive and you can refuse to answer any sensitive question without any consequence whatsoever.
Please contact Ainsley Charles at $+255-789-150-558$ if you have questions about the research and your right as a research participant and Carlo Azzarri at c.azzarri@cgiar.org if you face injury as a result of your participation in this survey. Please contact Erick Boy, the chair of the International Food Policy Research Institute Institutional Review Board at +1 202 862-8141 or e.boy@cgiar.org if you need more information or have questions about this study. Before I start, do you have any questions or is there anything I have said on which you would like further clarification? May I proceed with interviewing you and other household members?

ENUMERATOR: ASK ABOUT PARCELS OF LAND USED BY THE HOUSEHOLD IN EITHER SEASON OF 2012 OR 2013, WHETHER OWNED BY THE HOUSEHOLD OR NOT

Note: Person-days are calculated as the number of workers times the number of days they worked. For example, if 5 people work for 3 days
and 2 people continue for 6 more days, the total number of person-
days is $5 \times 3+2 \times 6=27$.

ENUMERATOR: ENTER PLOT-LEVEL RESPONSE FOR EACH PARCEL

|  | 2 |  |  |  |  |  |  |  |  |  |  |  |  |

[^1]

Note: Person-days are calculated as the number of workers times the number of days they worked. For example, if 5 people work for 3 days and 2 people continue for 6 more days, the total number of person-
days is $5 \times 3+2 \times 6=27$.

SECTION G3. CROP INPUTS (LABOR)
G3_0_1 Which of the following activities did you use hired labor in the last growing season? (CHECK ALL THAT APPLY)
1 Land preparation and planting
2 Weeding
2 Weeding
3 Herbicide
4 Applying chemical tertiliz
5 Applying manure \& other organic inputs
6 Pest control
7 Harvest \& post-harvest activities
G3 02 Which of the following activities did you use communal labor in the last growing season? (CHECK ALL THAT APPLY) 1 Land preparation and planting
2 Weeding
7 Harvest \& post-harvest activities
Iff none is selected, then the default value in all the relevant fields will be 0 . The same will happen if an option is not selected] IIf the household uses no hired labor in any of the activities, then G13_12m and G13 _12f will be filled with 0 ol

## Coping Strategies Codes

## Crop Production

100 Increase household's labor shar
102 Adjust input use (e.g., seeds and fertilizer) to
conditions
103 Rent/hire/share/purchase agricultural and
104 Borrow/renth hire farm equipment
105 Use irrigation
106 Build soil conservation structure
108 Dig bore holes/wells/dams/reservoirs/streambeds 109 Migration
${ }^{\text {Crop Storage }}$
200 Use silo/nkhokwe/pit granar
201 Store crops in home 202 Rent/hire storage space from others
203 Build storage unit
204 Use pesticides
Crop Sale
300 Postpone sale of produce

302 Sale produce in neighboring countries
.
Livestock husbandry
400 Rent $/$ hire grazing land
402 Diversify breeds/breeding habits
403 Migrate for grazing and/or water 404 Purchase high yield breed
406 Market in an association/delay marketing

Solutions to cross-cutting problems
500 Join farmers' association 501 Borrow money from family/friends/banks 502 Rely on government support/charity 502 Rely on government support/charity
503 Ask advice from familyfriends extension agents
504 Reduce household expenditures
505 Share transport
-
999 Other intervention
1000 Took no action

## SECTION L. INTERACTION WITH AGRICULTURAL EXTENSION AGENTS AND AFRICA RISING

| L6 | How far is your local Farmer Training Center (one way and in minutes) using the usual mode of transport? $\square$ min <br> [WRITE -99 IF DO NOT KNOW] | L13 | Have you heard of Africa RISING program? <br> 1 Yes 2 No GO TO OTHER INCOME MODULE M |  |
| :---: | :---: | :---: | :---: | :---: |
