

Sustainable Agricultural Intensification

A Handbook for Practitioners in East and Southern Africa

The Handbook Provides

- Evidence-based descriptions of technologies that have been validated iteratively with smallholder farmers
- A science-based 'how-to' guide for successful deployment of improved agricultural technologies that will ensure readers save time and resources for research trials by focusing on technology deployment
- and gives evidence of how building research and development partnerships can be a critical element for successful delivery and scaling of agricultural technologies

The book is free access. Get your free copy from <https://www.cabi.org/cabebooks/FullTextPDF/2022/20220167040.pdf>
